## STARTS ESKS' DOWNFALL

CRASHING OVER line for Bombers' first touchdown yesterday in Winnipeg, youth-fu Tom Ford (35) just makes it as Eskimo end Rollin Prather (62) brings him down. Glenn Johnson (31), husky Winnipeg lineman, looks on. Blue Bombers moved into undisputed first place in Western Conference by trouncing Eskis 28-0.

## South Koreans Capture Big Port City of Wonsan

### HIS HOME NO PLACE FOR ANY RELATIVE

TORONTO, Oct. 10.—(BUP)—William Bray, booked for assaulting Leo Kishner, his neighbor who came to his door to visit, told police: "I thought he was a relative."

### Eagles Get Conn

NEW HAVEN, Conn., Oct. 10.—(AP)—New Haven Eagles of the American Hockey League announced today they had acquired defenseman Joe Conn of Swift Current, Sask., from Cleveland Barons.

### O.C. Rugby

LONDON, Oct. 10.—(Reuters)—Toronto's Rugby Union team defeated the Ontario team 10-0 in a match played at the University of Toronto.

## SHERBROOKE GIVES BARRY HIS RELEASE

SHERBROOKE, Que., Oct. 10.—(CP)—Forest Keene, business manager of Sherbrooke Saints of the Quebec Senior Hockey League, said today that centre Ray Barry has been released to Edmonton of the Western Canada Senior League. Barry played about a season and a half with Sherbrooke. He came here when the Boston Olympics disbanded and withdrew from the QSHL.

## Labor Planning Attack On Gov't

### 18,000-Member Group Launch Blast Against Liquor Laws

The 18,000-member Alberta Federation of Labor will take the Alberta Liquor Control Board and the provincial government "to law" over the perennial question of mixed drinking in Edmonton and Calgary.

The 18 delegates attending the labor organization's 30th convention endorsed a resolution calling for the Federation to "commence a campaign immediately to raise the necessary funds to challenge the legal rights of the Alberta Liquor Control Board and/or the provincial government to discriminate against the citizens of Calgary and Edmonton."

The resolution was presented early today as delegates continued to whittle away at long list of 27 resolutions submitted by member groups with three-day convention going into second busy day.

"An immediate plebiscite" in the two cities "with the hope of finalizing, democratically, the problem, will be prepared for as well, the resolution stated."

Also endorsed today was a resolution on union shop conditions "if the majority vote in favor of union security."

The Federation is going to press for establishment of right of trade union to request Board of (Continued on Page 2)

See "52 Resolutions"

NAMES ARBITRATOR

There was some expectation in informed quarters here that the government would be notified formally tomorrow of lack of progress in the negotiations, which would be followed by the appointment of an arbitrator to settle points still at issue in the wage-hour dispute that precipitated a nine-day general strike of 12,000 rail employees Aug. 22.

Under parliament's back-to-work measure, the arbitrator would be chosen jointly by the union and rail, the failing agreement between them, by the government.

The arbitrator's findings would be binding on both parties, though his powers would be limited to a relatively narrow range—the area still in dispute when negotiations between the disputants collapsed finally Aug. 26.

Army Amputee Wins Highest Pool Dividend

CARLISLE, Cumberland, Eng., Oct. 10.—(Reuters)—Thomas Wood, 42, a one-legged clerk, today won £29,335 (\$364,138) for one shilling on a football pool—the highest pool dividend ever paid in Britain.

Wood, a married man with two sons, lost his right leg while serving as a sergeant-major with the British army in Burma during the last war.

Last week, in the same pool, he won £2,431 for sixpence, which encouraged him to double his stake this week. His previous biggest pool win was £25.

A 70-year-old woman last week won a dividend of £29,175 for a sixpence investment.

Andy's left leg was encased in a plaster cast today.

"I thought it was just a sprain," the 30-year-old catcher said.

## Late News Flashes

### UN HELP SEEN

WASHINGTON, Oct. 10.—(AP)—Dr. Karl Gruber, Austrian foreign minister, said today that his country may have to appeal to the United Nations eventually for "real liberation." He told a National Press Club luncheon that Russian diplomacy has delayed an Austrian peace treaty with an accumulation of claims which have not the slightest connection.

### ALIENS DETAINED

NEW YORK, Oct. 10.—(AP)—Between 90 and 100 aliens, among them an Italian opera singer coming here to sing with the Metropolitan Opera Company, were detained today for detailed immigration examination when the liner Vulcanica docked.

### GUNMAN CONVICTED

VANCOUVER, Oct. 10.—(CP)—Second gunman to be convicted of the \$4,769 Canada Packers General heists here Sept. 28, Robert Saw, 23, today was sentenced to two years and three months in penitentiary. He pleaded guilty. Donald Otten, 25, pleaded guilty to the \$4,769 heist charge last Friday and was jailed for two years.

### TRIAL DATE SET

QUERBEC, Oct. 10.—(CP)—Trial of Genereux Ruel, charged with murder after destruction of an airplane by a time-bomb, was fixed today for Nov. 20.

### BLAZE BATTLED

BATHURST, N.B., Oct. 10.—(CP)—Hundreds of men, some near exhaustion, continued to fight against heavy odds today in a battle to halt a forest fire in Gloucester County only 12 miles from this town.

### Boston Red Sox Buy Coast Hurler

BOSTON, Oct. 10.—(AP)—Boston Red Sox today purchased right-handed pitcher William L. Evans from the Pacific Coast League's Sacramento club. Evans won 12 and lost 19 this season.

The Sox paid cash to Sacramento and also sent the Pacific Coast's pitcher Mike Palm who was with Louisville this year.

### Ezinkin Signs With Hornets

TORONTO, Oct. 10.—(CP)—Bill Ezinkin of the Toronto Maple Leafs signed a contract today to play with Pittsburgh Hornets, a Toronto farm team in the American Hockey League.

An announcement by Hap Day, assistant general manager of the Leafs, said Ezinkin agreed to play for "season-league pay."

He will do so until he gets into contention, Day told reporters. If he does so, he will return to Toronto for a major-league salary.

## 13 Others Hurt Over Week-End

Three persons were killed and 13 injured in accidents in northern Alberta over the holiday week-end.

### DEAD ARI

Mrs. Lena Chetner, Calgary. Georges Bonvolant, St. Csaire, Que., local address not known. Jalmar O. Ness, Dawson Creek.

### Ex-Hockey Star Killed

GRAVENHURST, Ont., Oct. 10.—(CP)—George Hainworth, one of hockey's all-time greats, was killed last night in a highway accident near here.

For 14 years he was an outstanding goalkeeper, mostly with Montreal Canadiens and Toronto Maple Leafs of the National League.

Three times he won the Vezina trophy, which goes to the NHL's best goalie. One year he scored 22 shutouts in 44 games.

Hainworth died when his automobile was in collision with a light panel truck. Four other persons, including his wife Alma, were injured.

Hainworth lived in Kitchener, Ont., where he was an elderman. A doctor pronounced him dead at the scene of the accident "on several broken ribs which punctured his heart."

Mrs. Hainworth was taken to hospital in Brantford, 19 "fe north of here, for treatment of head cuts.

## Stengel Signs For 2 Years

NEW YORK, Oct. 10.—(AP)—Cass Stengel, winner of two world baseball championships in as many years, was hired today as manager of New York Yankees for two years. The terms were not disclosed.

There have been estimates his salary would be anywhere from \$60,000 to \$80,000 a year.

He led the injured-edited Yankees to the pennant on the last day of the 1949 season. They played 154 games.

In 1950 they won their second world series. They played 154 games in the final week and then withdrew Philadelphia Phillies from the league.

The sheriff's office dispatcher for that apparently no one was with him at the time of the accident.

# Labor Planning Attack On Gov't

(Continued from Page 1)

difficult relations to hold such a vote.

Institution of and maintenance of a policy of "strict" enforcement of regulations concerning headlights on motor vehicles, will be urged by the Federation following approval of another resolution today.

Still due to be discussed by delegates were resolutions recommending:

1. The provincial government be urged by the Federation to initiate an RCMP campaign aimed at prosecution of "every motorist" whose headlights do not conform with Motor Vehicle Act regulations.

2. Legislation providing for a maximum five-day week of 40 hours with no reduction in take-home pay. Specific mention of provincial government employees will be made in one resolution.

ASK HIGHER MINIMUM / The "necessary steps" be taken to bring domestic workers under the same regulations as other female workers.

4. Raising of the minimum wage in the province for both male and female workers to an hour.

5. Legislation requiring employers to replace employees on holiday. Payment of minimum wage premium of 5 cents an hour for all work between hours of 4 p.m. and 8 a.m.

6. Reinstatement of price controls on basic foods.

7. Increase in number of Board of Industrial Relations inspectors.

8. Establishment of labor-management government meetings to open Alberta Labor Act on a yearly basis.

9. The Federation use its influence to "prevent the construction of any new breweries" until such as are warranted by increased population.

SEATS REFUSED / Top speaker at today's convention session was Gordon G. Coughlin, national secretary-treasurer of the Trades and Labor Congress of Canada.

A former Albertan the labor leader said he was glad to be back in the "fairer province."

He told the convention reports of "Communist" trouble at recent T.L.C. national convention in Miami real had been "greatly exaggerated."

The T.L.C. official said 20 delegates had been asked to see the executive committee before they could be seated.

"None of them took advantage of the offer—the rest had disappeared," he stated. "But they were being questioned as 'undesirable' by the executive committee angle was not attractive."

Seven of the nine questioned were refused seats at the recommendation of the executive, he said. The other two were given a clean slate.

NEW EMPHASIS ON EDUCATION / Being emphasized by T.L.C. the secretary-treasurer, he said the University of Toronto, in co-operation with Ontario Federation of Labor, a T.L.C. member body, had inaugurated winter night classes for persons wishing to improve their education.

Over 150 had already registered, he stated, with the B.A. course in view for next year.

"It is hoped the idea will spread all over the province," he said.

DRAFT OF A NEW "EDUCATION" RESOLUTION was read by Alberta Federation secretary-treasurer Herbert Turner.

## DATE CHANGED

The resolution to be presented to convention later called for establishment of five-man board to study "all matters of this nature."

Turner also announced "strong possibility" the convention would go to Banff next year in June after this year's meeting approved a change of date from customary September or October setting.

At conclusion of yesterday's session delegates were entertained at banquet and dance arranged by hosts, Edmonton Trades and Labor Council.

Prayer at opening of today's session was given by Rabbi Leon B. Horowitz.

"Unalterable" opposition to the establishment of a five-man board to study "all matters of this nature" was expressed by J. E. Gerhart, a member of the provincial executive.

Major Sid Parsons, a past president of the Trades and Labor Council in Edmonton, had welcomed delegates to the city. Mr. Gerhart appeared in behalf of Premier E. C. Manning.

DELEGATES WELCOMED / The three-day meeting was officially closed, a open yesterday by presence of J. E. Gerhart, a member of the provincial executive.

Major Sid Parsons, a past president of the Trades and Labor Council in Edmonton, had welcomed delegates to the city. Mr. Gerhart appeared in behalf of Premier E. C. Manning.

Other first day speakers were: Fred White, regional superintendent for the province; J. E. Gerhart, national secretary-treasurer of the Trades and Labor Congress of Canada; and J. E. Gerhart, a member of the provincial executive.

In an all-day session marked by little discussion the delegates endorsed reports from Federation of Labor representatives on Board of Industrial Relations, Committee on Workmen's Compensation, labor representatives on apprenticeship board, compulsory arbitration, and delegates to T.L.C. Trades and Labor Congress convention in Ottawa.

The meeting also dealt with 11 of big slate of 52 resolutions.

MOTIONS / PASSED / Endorsed were resolutions calling for:

1. Sweeping amendments to the Old Age Pensions Act.

2. Application by all member unions for certification under Section 58 of the Alberta Labor Act.

3. Setting up of a separate section of the Alberta Labor Act to cover the construction industry.

4. Action on the part of the Provincial Highway Traffic Board to compel all vehicles to carry flares "to be used at once when stopping on the highway."

5. The issuing of licenses by the Highway Traffic Board on a "category basis" with a test of ability and physical fitness made mandatory.

OLD AGE PENSIONS / The resolution on old age pensions recommended:

1. Lowering of the age limit to 65 for males and 60 for females.

2. Establishment of pension plan to cover "all" and financed on a contributory basis.
3. The only qualification be 15 years residence in Canada.
4. No deduction because of other income.
5. Establishment of the same pension for the blind and totally disabled persons over 15.
6. Association of the Parent's Maintenance Act with Old Age Pensions Act to be discontinued.
7. Placing of liens on homes of pensioners to be discontinued.
8. Amount of pension to be increased to \$60 a month.
9. Abolishment of the Means Test.

10. Establishment of homes for aged financed by federal government in which married couples could live together. Medical care and hospitalization to be made available.

## CATEGORY LICENCES

The resolution urging the Federation to press for issuance of licenses on a category basis listed "C" license for light trucks under two tons; "T" license for single units over two tons; "A" for trailers and bus units; and "Special" for all other vehicles.

It specified no person under 21 could apply for Special or A license.

Deputy minister of industries and labor Oberholzer got up to read the resolution and said: "You can't end strikes by cursing at jailing strikers."

He attributed the statement to his chief, Hon. Dr. J. L. Robinson, minister of industries and labor, and added: "They can't be ended by anti-labor legislation or declaring a change of date from September to October setting."

He said: "You can't end strikes by cursing at jailing strikers."

He said: "You can't end strikes by cursing at jailing strikers."

He said: "You can't end strikes by cursing at jailing strikers."

He said: "You can't end strikes by cursing at jailing strikers."

## CONVENTION HERE

# Great Growth Shown By Labor Federation

The Alberta Federation of Labor (T.L.C.-AFL), now holding its 30th convention in Edmonton, was formed 30 years ago. First convention was held in Lethbridge, June 14 and 15, 1912. There were 34 delegates present. This year 151 delegates representing 114 member organizations with membership of nearly 15,000 are gathered for labor's big annual business session in Alberta.

Visit to tonight's wrestling matches was on the agenda for delegates—opponents of Trades and Labor Council. Passes to local theatres, good until Saturday, were also presented. Women delegates and wives of men delegates were also down for tour of Great Western Grain Co. Ltd. plant.

Irony of labor's biggest annual convention setting delegates to hard work of dealing with important resolutions on Thanksgiving Day, a statutory holiday, was remarked on by many convention members.

Edmonton suffered "humiliations" of having to use Calgary song book when sing song was organized following convention banquet. Sing book started out with familiar, "Calgary, Calgary, with you I will stay."

Testing system to help job applicants determine the line of employment to which they are best suited was reported to the convention by guest speaker Fred White, prairie regional superintendent, Unemployment Insurance Commission. Official facts given by UIC of federal: UIC paid out \$225,000 in benefits in Alberta last year. At present job level it takes 21 days to get a man back to work if he leaves or loses job. Only 18 per cent of prairie labor force is unemployed today.

Report of committee on officers' report at convention confirmed an orchard for labor representatives on the provincial's apprenticeship board. Committee members said they were pleased at increase in the number of apprentices. The report gave number in training as just under 2,000—an increase of 200 over last year. Nearly 1,200 apprentices have now received completion of training certificates in Alberta, the report stated.

There are still too many violations of Board of Industrial Relations regulations, the committee on reports told yesterday's session of the T.L.C. convention. It suggested an "intensified educational program to familiarize employers and employees with provisions of the Alberta Labor Act and the board's regulations."

Biggest laugh of session was raised when guest speaker mentioned he was puzzled by his instructions to bring "fraternal greetings from a sister organization."

Edmonton suffered "humiliations" of having to use Calgary song book when sing song was organized following convention banquet. Sing book started out with familiar, "Calgary, Calgary, with you I will stay."

Testing system to help job applicants determine the line of employment to which they are best suited was reported to the convention by guest speaker Fred White, prairie regional superintendent, Unemployment Insurance Commission. Official facts given by UIC of federal: UIC paid out \$225,000 in benefits in Alberta last year. At present job level it takes 21 days to get a man back to work if he leaves or loses job. Only 18 per cent of prairie labor force is unemployed today.

Report of committee on officers' report at convention confirmed an orchard for labor representatives on the provincial's apprenticeship board. Committee members said they were pleased at increase in the number of apprentices. The report gave number in training as just under 2,000—an increase of 200 over last year. Nearly 1,200 apprentices have now received completion of training certificates in Alberta, the report stated.

There are still too many violations of Board of Industrial Relations regulations, the committee on reports told yesterday's session of the T.L.C. convention. It suggested an "intensified educational program to familiarize employers and employees with provisions of the Alberta Labor Act and the board's regulations."

Biggest laugh of session was raised when guest speaker mentioned he was puzzled by his instructions to bring "fraternal greetings from a sister organization."

## Fire Ruins Garage At Jasper Place

Fire which gutted a Jasper Place garage Saturday night caused an estimated \$250 damage.

Flames burst out suddenly about 11:30 p.m. Saturday night in the one-car garage owned by C. T. Jones, 10402-140 street. The building was virtually destroyed before Edmonton firemen could reach it.

A fire from No. 8 fire hall under Captain Jim Dalrymple responded, using one line of hose from a city hydrant. Fire Marshal Jack Booth is investigating the cause.

Harold Anderson was elected president of the Stony Plain sub-local, Alberta Teachers Association, at a meeting held at Stony Plain.

Others elected to the Association board are vice-president Don Shultz, Gordon Spake, Larry Blum, Stony Plain secretary-treasurer, Warren Bailey, councillor and Marjorie Wilton, press reporter.

Members of the board will discuss activities for this year's program at a meeting to be held this week at Golden Spike.

Important business is on the agenda for the annual meeting of Forest Heights Home and School Association to be held tomorrow at 8 p.m.

Annual reports will be presented by officers and program for coming winter laid out.

President James Thompson will preside in Forest Heights school.

The Retired Railway Veterans Association will hold their regular monthly meeting at the CWR Recreation Building, 105 street, on Wednesday at 7:30 p.m.

Two officials from Army Headquarters, Ottawa, arrived in Edmonton this morning on an annual tour of Western Army Command training establishments.

The officials, Brig. J. B. E. Berthel, DRC, DSO, deputy chief of general staff, and Maj. J. D. M. Gillan, GSO II of director of military training, will also confer with Maj. Gen. M. H. S. Penhale, officer commanding WAC.

The officers are slated to leave for Wainwright tonight, arriving in Calgary on Thursday. They will also visit the Coast before returning east.

McDonald Baptist Church, which was organized in a private home in 1907, marked its 43rd anniversary with a special service Sunday evening.

Rev. Raymond F. LeDrew, secretary of Toronto, preached the annual anniversary sermon and sketched accomplishments of the church since its inception.

Mr. LeDrew, present pastor of the church, recently replaced Rev. Triles.

## Chest Fund Donations Urged By Ministers

Edmontonians heard pleas yesterday from city church pulpits for increased support of the Community Chest.

The Community Chest campaign to provide funds for year-round welfare and charitable services is now underway in the city.

Edmonton congregations were reminded by local ministers that the city is enjoying a period of increased prosperity and expansion when should be reflected in generous contributions.

**BLIND TO NEEDS?**

"Is our increased prosperity making us blind to the needs of others?" asked Rev. Canon E. S. Ostry, rector of Christ Church.

"If we fail to do our part individually in supporting the Community Chest, the objective may not be met and thousands will suffer for neglect."

Other ministers who asked Edmontonians to remember the campaign included:

Rev. Angus MacQueen of Robert

## Holiday Week-End Is Quiet As Thieves Under Cover

### Chest Campaign Still Far Behind Despite Spurt

Returns were a little better in the Community Chest drive for funds over the weekend, with canvassers taking advantage of the long week-end to complete more calls.

A total of \$4,224 was turned into headquarters over the weekend, bringing the grand total to date to \$23,586. This amount is approximately 38 per cent of the objective — very poor returns for the first half of the campaign.

The campaign is to be stepped up this week and it is hoped that response will be more enthusiastic than it has been during the past week.

Only five break-ins, four of them minor, were reported to police in an unusually quiet holiday week-end.

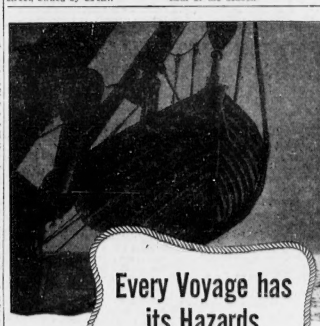

In the most serious shopbreaking, thieves took \$100 Sunday night from a cash box belonging to Safety Supply Company, 9902-Jasper avenue.

They entered the building through a door connecting it to the Burnaby Venetian Blind Company, immediately behind, which in turn was entered through a rear window.

**LOOTED IN CELLAR**  
Police said they went direct to the cash box and took it to the basement where they looked it.

Three electric drills were reported stolen by Electric Motor Sales, 2025-116 street, Sunday night. A rear door was forced to gain entrance.

Police apprehended two youths pointed out by Jasper Place neighbors as responsible for breaking into a storage shack at 9745-127 street, owned by CFBN.

Every Voyage has its Hazards

Millions of people cross the oceans in safety. Yet who would sail in a ship that is not equipped to meet disaster?

Any man with dependents who sails through life without provision against life's greatest uncertainty is the most thoughtless of all voyagers. Should death snatch him away, the result to his loved ones would be disastrous.

There is no reason why any man should expose his dependents to the risk of privation. By means of Life Insurance he can arrange a guaranteed monthly income that will replace his earnings should he die. If he lives, the same Life Insurance will provide an income for his own retirement.

## Armed Robbery Brings 10 Years

25-Year-Old Sentenced For Oct. 1 Edmonton Offence

For his part in the armed holdup of an Edmonton garage, early Oct. 1, 25-year-old Gordon Manderson was sentenced to 10 years imprisonment today.

He pleaded guilty to armed robbery.

Manderson, formerly of Vernon, B.C., and a confederate allegedly escaped with \$40 from Cory and Cough garage, 10050—100 street, after holding up night man Richard Subean at gun point and binding him with wire.

Stanley Vassile, Calgary, was also arrested in connection with the holdup and pleaded guilty to a charge of armed robbery. He will be sentenced this Friday.

Constable E. E. Peckover, in police court this morning, told how he came upon Manderson two hours after the robbery at 102 street and 101 avenue.

On the alert for a man answering his description, he questioned Manderson. When he asked for his identification, the accused reached inside his shirt and started to pull a Mauser pistol, said Peckover.

The constable grabbed the muzzle of Manderson's gun, then covered him with his own pistol, he testified. At the police station, the Mauser was found caked and ready for action, said Peckover.

Magistrate Main, in passing sentence, said he had "no doubt" Manderson would have used the gun if he had the opportunity.

He sentenced Manderson, who had no previous record, to the penitentiary term, after warning him that armed robbery was one of the most serious crimes in the criminal code and punishable by life imprisonment.

## Gov't Concludes City Survey

An economic survey of the city of Edmonton has now been completed by the provincial economic affairs department.

The survey, made by A. Bradshaw, industrial adviser for the department, is the most extensive study of several Alberta centres which have been made by the department. Details of the survey will be released shortly by the department.

The report will cover Edmonton's history, population statistics, resources, and climate development, and will outline the advantages of industrial development here.

**TEACHER'S DESK**  
Vandals entered the Seventh Day Adventist school, 111 avenue near 101 street, through a back window and broke into a teacher's desk.

No clue was left by shopbreakers at Douglas Printing, 1000-104 street, as to how they entered the establishment but the manager said nothing was missing.

Detectives James Campbell and Jack Langford investigated four of the shopbreaking and Det. James Campbell and Frank Kungert the fifth at the school.

## Protecting Investments

Opponents of the Miracle Mile plan have made a great deal of noise about protecting the investments of those in own property and operate business in Edmonton's downtown area.

The best possible way to protect those investments is to provide sufficient downtown parking space through the Miracle Mile so that business will not be driven to those outskirts shopping centres that are springing up all over the North American continent.

Downtown parking in Vancouver and Seattle, for example, is at a premium. And because it is at a premium, downtown merchants have suffered heavy losses through the modern tendency of people to shop in motor cars.

Vancouver has recently met this problem through the establishment, with Guinness money, on the north shore of Burrard Inlet of a new shopping centre named Park Royal. Park Royal contains a department store branch, a bank and several other shops. It has ample parking space. And that ample parking space is crowded with shoppers cars from morning to night.

Business moves from the downtown area of Park Royal because of that parking space.

Seattle has recently established two new out-of-town centres in an attempt to solve the downtown parking problem.

They are called, respectively, Bellevue and Northgate. And they are not merely suburban shopping districts. Each is literally out in the country. Each has department store branches, banks and other shops. Each is provided, or will be provided, with parking space for several thousand cars.

That parking space is filled with shoppers' cars every hour of the day.

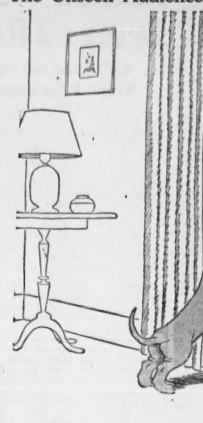

This same movement towards extra-city shopping is bound to come to Edmonton, as it has to Vancouver and Seattle and countless other North American cities, unless parking facilities are provided in the downtown district.

The Miracle Mile will provide those parking facilities. It will help to protect the investment of every downtown downtown owner. Because it will tend to keep business in the central area and render less likely the establishment of Park Royal and Northgate and Bellevue outside the city limits.

Edmonton is tremendously fortunate in having a central area capable of such development.

Edmonton would be tremendously stupid in refusing tax concessions, endorsed by both the council and the legislature, to secure such a development on terms which President Andrew Stewart of the University of Alberta describes as notably favorable to the city.

## The Unseen Audience

THE FIRST GOOD LOOK AT THE NEW DOG IN THE NEIGHBOURHOOD

## New Weather Forecasting Methods

A new method of forecasting weather has been perfected in the United States. It is said that the climate varies and can now be foretold for a full 30-day period.

Canada is benefitted by this new method only as United States conditions apply in this country, because the technique will be too expensive for us to use for another 50 years, the experts say.

It would require at least one-third of all present Canadian meteorologists to do the job.

If nothing but money and men stand

between Canada and this accurate and comprehensive new method, surely the Canadian people are intelligent enough to vote the meteorological service the funds, to equip itself adequately.

The Canadian meteorological service has a highly capable personnel. Since accurate weather forecasts can mean millions of dollars to Canadian industry and agriculture, it is well known that some should be equipped and augmented to give Canada a service as complete as any in the world. Such a service would be cheap at any price.

## Constitution Declared Supreme

The recent decision of the supreme court of Canada that it is illegal for the federal government and the provinces to operate under the constitution is going to have a profound effect upon the constitutional history of this country.

It separates Canada sharply from the British tradition of government and establishes a new form of government.

Everyone has been aware, of course, that the British North America Act allotted certain rights and privileges to the dominion and certain rights and privileges to the provinces.

We had come to think of the dominion government as a senior government, virtually the source of all governmental authority in Canada and that, since the Statute of Westminster, of changing the constitution as it desired.

On the other hand, the entire governmental system of the country loses much of its stability and the entire system of the constitution is the highest governmental function, under this new ruling, the supreme court of Canada becomes, virtually, a more authoritative body than the parliament elected by the people.

One can accustom oneself to this new conception only with an effort.

It comes as something of a shock to learn from the highest court that parliament is not supreme in Canada, that standing above all parliamentary authority is a bloodless document whose rigid provisions Canada has not yet formulated a procedure to amend.

By this decision, a Canadian's conception of Canadian government is rudely shifted overnight from a British conception to a conception similar to that which prevails in the United States where the constitution is the reigning force in the country.

The new definition probably contains certain advantages appreciated by those who clamor for provincial rights. The limited sovereignty of the provinces, if anything, is a thing to be desired. The new definition is a double-edged sword.

On the other hand, the entire governmental system of the country loses much of its stability and the entire system of the constitution is the highest governmental function, under this new ruling, the supreme court of Canada becomes, virtually, a more authoritative body than the parliament elected by the people.

One can accustom oneself to this new conception only with an effort.

## How High The Moon?

Editor, Bulletin.—With regard to "Regular Reader's" query regarding the distance of the moon from the earth, astronauts who sail as the actual distance of the moon from the earth is 238,857 miles.

## How High The Moon?

Editor, Bulletin.—Regular Reader is wrong. The moon, in round figures, is 240,000 miles from the planet earth. He believes that the moon is two to three light-years away is fantastic. One light-year is equivalent to the distance that light rays travel in one year at the rate of 186,000 miles per second. He says he saw it at side by side and figure this one out—186,000 miles per second equals 1,800,000,000,000 miles or nearly six trillion miles! If Regular Reader realizes our sun is only 80,000,000 miles away, how come the moon eclipses it quite regularly?

The distance from earth to moon was calculated to be 240,000 miles away for back in history. It is interesting to note that today our radar equipment has bounced back a signal from the moon in a shade over 2 1/2 seconds, thus proving the distance to the moon to be what our ancestors knew hundreds of years ago.

Lecture. P. N. KOWAL.

## Lack Of Sophistication

Editor, Bulletin.—Dorothy Thompson in her article "The Sophisticates Are Not the Wise" September copy of the Ladies' Home Journal, shows a wonderful play on words but lacks common sense, which is itself is the mark of the sophisticate.

One of her lines reads: "The sophisticated mind surveys an issue from all sides and is disinterested in any proposed solution since none correspond to the ideal." Another line reads like this: "and it is these sophisticates, neither for nor against Communism, nor God, nor love, nor duty, nor faith—who, for more than this conscious Communist agenda have undermined the moral bastions of this country and all the countries of the west."

This is the first time I have heard where a person who is sophisticated is not supposed to have a "middle of the road attitude" has been associated with anything other than "a do nothing policy."

I did hear a very serious one heard where a person who is sophisticated is not supposed to have a "middle of the road attitude" has been associated with anything other than "a do nothing policy."

A slender lady sat in a wheel chair alongside a bedroom car in a hotel in Vancouver in fifteen minutes.

She carried a patch over one eye. Her hair was drawn with no surgical scars. She uttered breath the rag that covered her shoulders and perched anxiously along the platform towards the stairs.

Her young companion explained to the porter.

In 1938 Dr. Royce Graham of St. Louis removed a lung from a patient who had been suffering from tuberculosis. The patient was cured and has remained in active practice since.

The next year a 34-year-old girl had a lung removed in Baltimore. She could not breathe without difficulty and lived to be eight years old when she died of an accident.

There was a thump and a stifled cry. The patient was a woman. There was a thump and a stifled cry. The patient was a woman. There was a thump and a stifled cry. The patient was a woman.

## Fruit Handling

Editor, Bulletin.—I would like to try and bring to the notice of Mr. John Marshall a pointer I wish he would convey to the clerks handling fruit.

To handle tomatoes as though they were eggs and not drop them into the bus thus crushing them.

To break a banana from the handle without tearing the skin. I believe a banana is the only fruit that is not to be handled in this manner.

Now to those studying the version of the High Level Bridge. My idea would be to build a bridge similar to the one on the east side of the High Level Bridge. Traffic going north to use new bridge going south to the east side.

Now winter is approaching, there ought to be a shelter at 83 Avenue and 100 Street. If only a few boards laid up behind two seats. It isn't pleasant to wait fifteen or twenty minutes for a bus in the cold winds usually blowing.

Electric furnaces are used in the making of highest quality steel since no outside impurities are introduced by a fuel and more precise control of melting conditions is possible.

Looking Backward

1980—60 Years Ago

Track was laid on the C and N 10 miles north of Calgary when the stage passed on Thursday of 1920.

1960—50 Years Ago

J. J. Bell is driving the Fort Mac. J. J. Mellon has assumed management of Alberta Stables and purchased E. L. Ligon's wood yard.

1940—40 Years Ago

Nine Chicago aviators will on Sunday attempt to race from Montreal to New York for a prize of \$50,000.

1920—30 Years Ago

A war memorial that has been erected by Beverly veterans will be unveiled a week from Sunday.

1930—20 Years Ago

A dispatch has been received at London from Jerusalem which states that the Jewish Agency for Palestine has been established.

1940—10 Years Ago

Two thousand Alberta recruits called under the National War Service Act for a one-month training period with go to camp at Red Deer and Camrose Wednesday.

## Smiles

A certain well-known gambler failed to pay a large note when it became due, in consequence of the loan shark who held it waxed highly indignant and berated the gambler in bitter and extremely uncomplimentary terms. Whereupon the gambler, greatly incensed, pulled a pistol from his pocket and leveled it at the lender's ribs and barked: "Eat that note, you lip-slithered grub!"

With some difficulty, the gambler was allowed to leave. A few weeks later, to his surprise, he found a half-dressed woman in a nightgown and slippers, who had made any real impression on our people—let alone on people of other countries.

A few years ago I wrote a fascinating story of what we might call pre-Prime Rupert—the story of the virtually independent kingdom that existed in the early days at the mouth of the Skeena.

Correction In Taylor

All this came to mind because of a letter from Pete Staeger, an Alberta old-timer who used to be a very big name in the province. He wrote me that he had been a member of the "Story of Calgary" club.

Mr. Staeger writes: But Mr. Big was a member of the club. He was a member of the club. He was a member of the club. He was a member of the club.

Mr. Staeger writes: But Mr. Big was a member of the club. He was a member of the club. He was a member of the club. He was a member of the club.

## Run-of-Mill

On the trip westward the column will probably resume its old, ancient life. We don't plan on any "discovery" of the United States. We were interested mainly in getting through the mountains in the shortest possible time. However, I expect there'll be some notes on what some interesting to us along the way.

I mention this because, frankly, I'm a little wary of writing the travel kind of trip exclusively. A whole bunch of tailoring subjects have been cropping up which I've been itching to write about.

I might mention that I will mention that a trip of this kind, for getting the most out of the beginning to be something less than altogether successful.

Task Nearly Impossible

In the first place its pretty close to impossible to keep record on a five times a week basis and still keep one's work in the same shape. The task is nearly impossible.

## ODDS AND ENDS

## Vignettes and Chatter Of a Coastal Journey.

God forbid that I should break into a travelpoem on a meekly vacation jaunt to the west coast.

That portion of the coastline is so famous to the west coast traveler by Edmonton people that Marco Polo himself could not score up a new word along Hasting's street nor encounter a "vignette" advertisement more than twice even along Yelder Way.

They heard, after my recent trip to the west. WEIN

Can more than they've convinced that the old original Vancouver has either died out or moved away and that the city has been filled by peripatetic Edmontonians.

During three hours of my first day in that lovely city, which to me bears all the paradoxical charm of nostalgia, I walked the street no fewer than seven Edmonton acquaintances and one close friend from Saskatoon in the paper.

This place, then, does not purport to be a profound new or novel nor on the streets of Vancouver, Victoria and Seattle being in words, such a thing to an Edmonton audience would be too much like trying to teach breadmaking to a sack of flour.

It is merely a random assemblage of vignettes and chatter

## By Harold L. Weir

# Korean War Said Rough On Newsmen

By DON WHITEHEAD  
ASHIYA, Japan, Oct. 16—(AP)—The battle for communications has made the covering of the Korean war the most difficult assignment, perhaps, that newspaper men have reported in modern times.

It has been such a physical and emotional strain that veteran reporters agree they never have been under such pressure. Even the younger correspondents are showing the effects.

Half a dozen correspondents trying to get back to Korea from Tokyo had an experience yesterday which spotlights the difficulties.

We left Tokyo at 9 a.m. in peacetime weather and headed for Kimpo. One engine began sputtering and our pilot put his plane down at the Ashiya field.

ANOTHER PLANE  
We shifted to another plane partly loaded with cargo. It was dark when our plane circled Kimpo field. Before we could land, a C-54 crashed-landed on the field—knocking out the runway lighting system and tearing up one of the most landing strips.

Our pilot made a pass at the runway, but in the dark he barely escaped crashing into oil drums on one side of the strip.

He pulled the big plane up again to circle the field. This time there was a failure of the light which signals that the landing gear is down and safety-locked for landing.

The plane turned back all the way to Ashiya—a 1,200 mile journey wanted for crew and passengers.

We thought we would have to make a crash landing, but over Ashiya the gear locked and the plane landed without mishap.

West German  
Minister Resigns  
BONN, Germany, Oct. 16—(AP)—Interior Minister Gustav Heinemann of West Germany resigned yesterday because of a cabinet row over German rearmament.

"It is not our responsibility to ask for rearmament or to offer military aid until complete sovereignty is given to West Germany," he said.

# Cancer Cells Harmless Until They 'Gang Up'

By HOWARD W. BLAKESLEE  
SCHENECTADY, N.Y., Oct. 16—(AP)—A new theory of how people get cancer was presented to the National Academy of Sciences here today.

If the theory is correct, probably everyone has cancer cells in his body, from birth to the grave. But they are single, surrounded by healthy cells. And they do not spread like seeds. The cancer begins only when four to six of them get together and co-operate to start the malignant growth.

The new cancer theory was reported by Dr. J. C. Fisher and Dr. J. H. Hollomon of the General Electric research laboratory.

The scientists got the idea from the growth of crystals, such as ice or gems. These crystals start from a small nucleus and grow surprisingly like living things. Crystal growth can be predicted by mathematics.

Fisher and Hollomon applied these mathematics to cancer. They assumed that a cancer started from a small particle, a fact well established by cancer research.

One source of cancer in mutations of single tissue cells, which are changes in hereditary characters of a single cell.

SOCIETY HELPED  
The researchers got from the American Society the rates of cancer in human beings. These are more numerous in elderly people and infants than in children.

The crystal mathematics showed

MAHINE amtracs speed past knocked-out enemy vehicle and its dead crewman as they drive towards Seoul recently after crossing Han river on Northern Korean front. Today U.S. Marines raised U.S. flag over South Korean capital city.

# Nazi Military Aid To Franco Failed To Pay Dividends

WASHINGTON, Oct. 16—(AP)—A new batch of captured Nazi documents, published Saturday by the State department, showing that Hitler met with disappointment in his attempt to gain control of Spain.

He pulled the big plane up again to circle the field. This time there was a failure of the light which signals that the landing gear is down and safety-locked for landing.

The plane turned back all the way to Ashiya—a 1,200 mile journey wanted for crew and passengers.

We thought we would have to make a crash landing, but over Ashiya the gear locked and the plane landed without mishap.

## Will Make Preparations For Full Canadian Brigade

FORT LEWIS, Washington, Oct. 16—(CP)—More than 100 officers and men, "housekeeping" vanguard of a troop movement unprecedented in Canadian military history, rolled into this huge United States army training centre last night.

At an undisclosed later date, a self-contained brigade of 4,000 to 5,000 men—about half of those recruited as a special United Nations force for action in Korea—will arrive at the 30,000-acre training ground which served as jumping-off point for thousands of American troops in the Second World War and for the U.S. 2nd Division in Korea.

Just what Canada plans for the troops hasn't been announced yet, but never before has it sent troops on so large a scale to train in a foreign country.

The brigade, commanded by Brig. J. M. Hockingham of Ottawa, is bound on present plans for further training in the East—likely the U.S. army base at the South Pacific island of Okinawa.

That has been mentioned as a possible advance training point by the Canadian government, with sailing date scheduled for mid-November.

At least part of the training to be given here for the troops assembled from bases across Canada by the Canadian government, with sailing date scheduled for mid-November.

# German Dope Ring Claimed Crushed

BREMEN, Germany, Oct. 16—(Reuters)—United States Army agents with German and Austrian police have crushed a German dope ring and confiscated \$250,000 worth of morphine, U.S. officials said last night.

Nine suspects were arrested here last Saturday. Two others were detained in Salzburg, Austria, after the ring had been shattered for four months.

The calculation of Nazi outlay was given in a German foreign office memorandum describing Germany's negotiations with Franco for compensation after the Spanish fighting ended in 1939. This figured the total due at close to \$80,000,000, mostly for expenses of the Nazi Condor Legion which fought in Spain.

Hitler's demand for settlement ran into difficulties and the following year, one of the documents showed, he advised Italy's Benito Mussolini that terms of any deal with Franco should be nailed down in advance.

Ciano said then that Italy found her final bill added up to 1,000 planes, 6,000 dead and 14 billion lire.

## WEDNESDAY MORNING SPECIALS

PERSONAL SHOPPING ONLY  
Store Hours Wednesday: 9:30 a.m. to 12:30 p.m.  
Telephone 9-1-3 — 101 Street and 102 Avenue

### WEATHERSTRIP

Extra heavy felt, 20 feet of 4" width to box. Complete 39c  
with nails. Wednesday Morning Special. Hardware, fourth floor

### A Special Savings Price On Fashionable LADIES' SKIRTS

A wide choice of fine skirt fabrics is presented in this special showing of new fall skirts... check the low, low price as your guide to wardrobe savings.

- Alpine, rayon gabardine and checked wools.
- Truly styled with the generous full cut of quality garments which means satisfactory fit and wearing qualities.
- Assorted fall shades.
- Skirt 12 to 18.

WEDNESDAY MORNING SPECIAL, each \$2.98  
Sleeveless, second floor

### Ladies' and Children's Fur Trimmed Overshoes

Say, Mom! Here's a chance for you to purchase your winter overshoes, your daughter's winter overshoes, all at a grand saving.

- Lace-toe style. • Black and brown.
- Long and cuban toes. • Ladies' sizes 4 to 6 1/2.
- Children's sizes 12 to 3.

WEDNESDAY MORNING SPECIAL, pair \$2.49  
Ladies' and Children's shoes, main floor

### Ivory Pudding Bowl Sets

The ideal size for your Christmas gift.

- Four bowls in each set.
- Decorated with gold.
- From 2 to 6 cups.
- Beautifully glazed finish.

WEDNESDAY MORNING SPECIAL, Set 69c  
China, fourth floor

### Relish Dishes

Attractively styled relish dishes that will add to the beauty of your table.

- Four compartment glass relish dishes.
- Silver cover for centre table.
- Approximately 12" in diameter.

WEDNESDAY MORNING SPECIAL, \$1.65  
Silverware, fourth floor

### Men's Wool Shirts

Yes, men you can buy comfort and warmth at a low, low price, if you take advantage of this fine Wednesday morning special offering.

- Pure wool English flannel. • Two button down pockets.
- Cost style. • Full cut. • Grey only.
- Size 15 to 18.

WEDNESDAY MORNING SPECIAL, each \$2.99  
Men's Furnishings, main floor

### Men's Wool Serge Pants

Heavy, durable serge for all day comfort, at budget price.

- Full cut, work wear.
- Waistband, 3" wide.
- From 2 to 6 cups.

## Big Defence Orders Soon For Vehicles

OTTAWA, (CP) — The government has earmarked \$25,000,000 for the purchase of motor vehicles for the defence department and announcement is expected shortly of big multi-million dollar orders for the production of Jeeps by Canada's automotive industry.

Defence Minister Clineau said the sum includes \$25,000,000 for the development and purchase of American-type vehicles to be produced in this country.

Defence sources said the \$25,000,000 will be spent probably not only on Jeeps but other types of vehicles as well.

WASHINGTON (CP) — The United States government was reported to be considering a contract of about \$75,000,000 for purchase of Canadian aluminum, which would involve expansion in production of the metal.

The contract would involve as much as \$75,000,000.

## Russ Paper Catalogues 'Criminals'

NEW YORK, Oct. 10.—(AP)—A "rogue gallery" of western leaders, printed in Moscow by the Russian magazine Coudell, has just reached the United States. This magazine specialises in the Soviet brand of satire.

The one-page "gallery" caricatures Winston Churchill, state secretary Dean Acheson, John Foster Dulles and Gen. Douglas MacArthur, with the explanation they are catalogued to assist "a future international court." They are pictured in front and side views.

Churchill's "fingerprint" is in the shape of an atomic bomb. Acheson's fingerprint bears dollar signs, Dulles' two swastikas. MacArthur's fingerprint is printed in red and seems to be dripping blood.

ALL NAMED  
Drawing on the Soviet propaganda stock of libels, "Coudell" lists Churchill's nickname as Jackal and his criminal specialty as "incendiary." Among his characteristics is given "chronic inability to hold back speeches (Fulton House of Commons, and Western Germany)."

Acheson's nickname is given as diplomat, his specialty as "White House breaking" and his special characteristics as:

"Tall height, now character, possesses a voice (Voice of America) but speaks not in his own language (the voice of Wall Street). Passes only had cheque."

Dulles, U.S. state department adviser accused by Russia of "giving the signal" for the start of the Korean war, is called "an egg-on."

CHICOUTIMI, Que., Oct. 10.—(CP)—A brother and sister, aged 8 and 9, were crushed to death recently when a tractor overturned and pinned them beneath it. Word of the accident, at Forestville, reached here yesterday.

## Pole Sitter Feels Wobbly

AKRON, O., Oct. 10.—(AP)—Zan (Red) Norman, new holder of the world's flag-pole sitting record, is looking for a new job. The automobile racer came off his pole at nearby Barberton Saturday after 122 days. That broke the record of 110 days set by T. J. Ward of Savannah, Ga.

"I feel rather weak and wobbly now, and will wait until I have a physical check-up before I return to racing," he said.

## Post Official Said Suicide In Jail

BERLIN, Oct. 10.—(AP)—The East German Volkspolizei (people's police) said last night that Hans Suessner, former chief of the Dresden Postal department, hanged himself in his jail cell during the weekend. He was reported to have joined the Communist-dominated Socialist Unity party under pressure.

## Safecrackers Get \$10,000 From Store

SAULT STE. MARIE, Ont., Oct. 10.—(CP)—Thieves lifted approximately \$10,000 in cash and checks yesterday from the safe in the main store of J. C. Finch Grocery Stores, Ltd. The safe was turned over on its back and pried open with tools which police said had been stolen earlier from a railway yard.

EDMONTON BULLETIN, Tuesday, Oct. 10, 1950

## French Communists Try New Methods

### Direct Sabotage Discarded In Sudden Change By Reds

PARIS, Oct. 10.—(AP)—In a radical change of plan, Communists in France evidently have called off direct sabotage of armament because it was doing the party more harm than good.

Barely a year ago, the Cominform told the French Communists to get "hard" and there was a great purge of indifferent Communists.

One highly-placed government source indicated today that the orders for a "case-fire" came from Moscow about three weeks ago, accompanied by a blistering criticism. French Communists, this source said, were criticized for failure of their ballyhooed determination to stop shipments of American arms into France and to stop French arms manufacture.

Further, the same informant said, they were accused of having let the sabotage policy alienate many Frenchmen who were sympathetic with other Communist aims.

Foreign sources said that in recent weeks there had been no direct sabotage of arms shipments from America nor of arms production.

## PRESTIGE SLIPS

The new policy, as indicated in statements of party leaders, calls for a type of attack on armament designed to please Frenchmen, not to shock them.

In place of violence, the new proposal calls for:

1. Union with other leftist groups, politically if necessary, to demand higher wages for workers of all classes.
  2. Denouncing of rearmament as a waste of French money, a trick of American militarists bent on destruction of peaceful Russia.
- Searching for a reason for a change in Communist policy, obser-

## EVERY TEAM NEEDS TRAINED RESERVES

## No. 418 City of Edmonton Light Bomber Squadron NEEDS MEN NOW!

Strong reserves make a strong team. The R.C.A.F.—Canada's air defence team—must have a stronger reserve line—now. This is your opportunity to serve Canada and learn about modern aviation in your spare time. When you join the Reserve you join the R.C.A.F.

In the Air Force Reserve you get valuable training in any one of many practical trades. You make new friends. You spend one evening a week in class and technical practice, and Saturday afternoons at actual operations on your air field. There are sports facilities and you can take part in Summer camp exercises.

You are paid at regular Air Force rates for the time you spend in training and can earn up to 65 cents pay per year for full attendance.

EDMONTON HAS A RIGHT TO BE PROUD OF ITS AIR FORCE RESERVE UNIT

If you can't go active—go Reserve. Find out today how you can become a member of the R.C.A.F. in your spare time.—Apply in person to

Apply to the Commanding Officer, 418 Light Bomber Squadron, MPO 1315, Edmonton, Phone 28915, or RCAF Recruiting Unit, Wallace Bldg., 9921 - 101A Ave., Edmonton, Phone 42658.

**Royal Canadian Air Force**

Notre Dame, Too

Tuesday tidbits: Attention Annis Stukus: so you think you've got troubles. Look what happened to Notre Dame Saturday, thumped 28-14 by upstart Purdue for their first loss in close to five seasons. . . Johnny Galvin, who shortstopped for Yanks in the City Series long during the war, was an old Purdue man.

Pair of setbacks suffered by Eskimos at Regina and Winnipeg shouldn't have come as any great surprise, although the margin of victory enjoyed by Blue Bombers was a stunner of sorts. Edsall has been here to handle Roughriders and Bombers right here at Clarke Stadium.

There isn't much to choose between the three spots, or at least there wasn't until Bombers led 28-0 yesterday.

Handy Andy Glovechek has come to the end of the trail as a Flyer. The sniper who sparked Flyers to an All-Can win in the spring of 1949 was handed his release yesterday by Flyer manager Frank Currie. . . Neither was Glovechek very happy about the deal, particularly as most clubs have their line-ups pretty well set. He will try as a starter, to hook on with another WHL team.

Add happy-birthday debt: former Flyer netminder Al Rollins, now with Toronto Maple Leafs, 24 yesterday; Flyer defenceman Doug Lane, 30 today; Rangers' Edgar LaFaire, 31 today; Eddie Dyer, who isn't going to be managing St. Louis Cards much longer (it says here), 50 tomorrow.

Eskimo centre Doug Brightwell, a recent belated, 22 Thursday; Dave Brockie, centre-fielder sponsor Brant Matthews' disappointing Eskimo ball tosser, 30 Sunday. Congratulations, and may your sons grow up to be American leaguers, preferably members of New York Yankees.

There's a 'Lord Miller' doing his stuff with the rascals that frequent the Los Angeles area. Could this be the Boy Promoter's 'Mr. Murder Miller'? . . Add look-alikes: Calgary Stampeder and Eszraat (Sugarfoot) Anderson and Toronto Argonauts (Stretchy) Whaley. Only New York Yankee to lose anything during the World Series was pitcher Vic Raschi. His room in a Philadelphia hotel was raided by a sneak thief who made off with considerable of Mrs. Raschi's stuff, to say nothing of 140 series tickets. Wonder what Raschi was doing with all those ducats in the first place?

Dave Mackay, now coaching the hockey team at Vernon, is negotiating with forward Leo Lacchini, dropped recently by Portland Eagles. Lacchini went overseas with Edmonton Mercurys last winter. . . Already local pro hockey, to say nothing of Canucks, has hooked on with Vernon's Mainline-Okanagan entry.

Hottest points in Canadian football today, east and west, is the agitation on the part of an insignificant minority to make something of the presence of Negroes in the picture. Let's hope this doesn't go any further. . . It's where they're now: Doug Watt, once of the City Journal, has signed with Nanaimo Clippers. Veteran Ken Stewart is with Kamloops.

That 5-2 defeat suffered by Philadelphia as the curtain came down on the World Series Saturday was Philadelphia's first straight in full classic play. Last time Phils won a World Series contest was the opener of the 1915 set against Boston. Score was 4-1. Since then they've done nothing but bad.

Rise to follow in being campaigned around Toronto. . . Irish Jimmy Nolan, Calgary battler, has returned from an overseas stint. . . Prof. Maury Van Vleet describes the basketball school staged in Red Deer at the week-end as a "tremendous success."

Whatever became of Joe Page?

James Captures Road Race

CALGARY, Oct. 10 (CP)—Don James, 21-year-old Winnipeg rail-road worker, yesterday won the first annual Calgary Herald road race for the third straight year. He became the fourth man to win the race three times and the first man to make a unanimous selection of the Herald trophy.

Hack to L.A.

LOS ANGELES, Oct. 10 (AP)—Los Angeles, of the Pacific Coast, and Springfield, of the Interstate League, yesterday swapped minor league status Saturday.

Stan Hack will pilot the Angels next season and Phil Kelly will take over Springfield, both clubs are owned by Chicago Cubs.

CANADA'S TEAM 5TH IN JEWISH OLYMPICS

TEL AVIV, Oct. 10 (CP)—United States defeated Canada 36-34 Saturday night to win the basketball title of the All-Jewish World Olympics. The basketball game was the final event of the two-week-long Maccabiah athletic competition, in which 15 countries took part.

Officials announced that Israel won the team title by nearly 400 points. The host country compiled 851½ points to 256 for runner-up England. Canada's 17-man team was fifth with 62½.

Swimmer Sidney Kastner of Montreal captured two silver medals. Bill Sydney of Montreal walked his way to the welterweight boxing title.

OFFER PLAY EXHIBITIONS

Edmonton's Franchise Bid Again Rejected by WCJHL

CALGARY, Oct. 10 (CP)—Hopes of an Edmonton entry in the Western Canada Junior Hockey League were shattered for a least a year, by officials of the Alberta Amateur Hockey association at the annual meeting during the week-end.

Earlier, Edmonton interests had sought a franchise in the WCJHL but were turned down by the league executive at a meeting in Lethbridge.

HEROIC figure in defeat, as Philadelphia dropped World Series in four straight games to New York Yankees, was Phil's relief hurler Jim Konstanty. Here he gets manager Eddie Sawyer's call on bull-pen phone; heads for box and is back on firing line again. Konstanty made 77 appearances on mound this season, including three in World Series.

Punchy Phils Philosophical Despite Losing 4 Straight

By Whitney Martin  
NEW YORK, Oct. 10 (AP)—There wasn't the weeping and wailing and gnashing of teeth in the Phillie room Saturday that might have been expected of a team which has just lost a World Series in four straight games.

HAWKS RACKED UP IN EXHIBITION TILT

MONTREAL, Oct. 10 (CP)—Four Chicago Black Hawks players of the National Hockey league suffered a Montreal hospital Saturday to undergo treatment for injuries suffered in an exhibition game at Ottawa Saturday night.

Bill Gadsby underwent physiotherapy treatments for body bruise; Al Dewbury had a shoulder injury; Doug Craig, shoulder and leg injuries; Ben Guiroulin an injured leg.

Flyers Overwhelm Spokane Crew, 8-2

Edmonton Flyers won their third straight exhibition game, defeating Spokane Flyers of the FCHL by an 8-2 score at the Gardens last night.

Ray Heinzer, with a brace of goals, led the local attack, with singletons being registered by Doug McKenna, Steve Witluk, Ray Barry, Fred Smith, Gordon Watt and Collie Kilburn. Doug McCauley, ex-Edmonton, Calgary star, and Scott took care of the scoring for the visitors.

Encounter was productive of some very rugged and at times ragged play, but clubs resorted to high sticking and holding.

McCauley tallied for the visitors at 14:07, trapping the puck after Cuts felt while carrying out of the end zone.

Kilburn closed out the scoring for the night from a scramble in front of the Spokane net.

FOLEY IN FORM  
Only the fine work of Jerry Foley, in the Spokane nets, kept the score from reaching the double figures.

Kilburn, Witluk and Barry looked like the best line for the winners, with the latter, a recent addition to the club from the Sherbrooke Saints, impressing with an aggressive and clever display.

The locals jumped into a 3-0 lead in the first period, battled the Spokaneites on even terms in the middle session, in which each club counted a singleton, and outscored the opposition 4-1 in the final twenty minutes.

ANDERSON STATED IT  
Anderson said the winners lost the lead at 1:12 of the first period, teaming with "Blag Merluk to

Yanks Mere Shadow Of Once Great Club

COMPANION notes in New York Yankees' ace battery of catcher Yogi Berra, left, and pitcher Whitey Ford. Youthful southpaw hurler paced Yanks to 5-2 triumph over Philadelphia Phils Saturday as New Yorkers made it four straight in World Series. Berra smashed game's only homer.

Leafs Lose Junior Semi to Mustangs

CALGARY, Oct. 10 (CP)—Calgary Mustangs hammered their way into the Alberta Junior Football final Sunday, defeating Edmonton Maple Leafs 8-2, when end Al Johnston scored a converted touchdown in the third quarter to break a 2-2 deadlock.

Mustangs won the home-and-home, semi-final rounds in 19-15, and Calgary broke the Alberta final.

The Calgarys started the game two points behind Leafs after losing the first contest 13-11 in Edmonton the previous week-end.

Although Johnston's touchdown was the highlight, most of the credit for Mustangs' victory went to their stout line which held in the trenches even the weather added a helping hand.

Mustangs scored first blood when they used the wind to advantage scoring two single points in the opening quarter. But Leafs came back to tie the count in the second quarter.

Turning point of the game came early in the third quarter

CONQUERORS OF IRISH TOSS ASIDE BOOKS

LAFAYETTE, Ind., Oct. 10 (AP)—Purdue officials tried—not very hard and with no success—to promote "education as usual" yesterday on the campus that produced the first conqueror of Notre Dame's football team since 1945.

President Frederick I. Hovde, himself a former quarterback at Minnesota, took one look at 7,000 screaming students packed into the Hall of Music and gave unofficial approval to the holiday.

"Officially," Hovde said, "the university is in session. Unofficially, it is yours!"

Saturday's upset triumph over Notre Dame was by a 28-14 score.

# on the TOWN...

By Jack DeLong

## Someone Had Fumbled

Interviewed on the long distance telephone at Winnipeg just after yesterday's football battle, Lithuanian-Canadian Eskimo coach Annis Stukus said: "Skova, zova, sinko, stunks." Free English translation: "You go to Helsinki."

Isn't this really something? Laverne McClure, who runs McClure's Foods modern store in Peace River has a brand new car that he's named Elegant. Eats in honor of my favorite waitress.

The McClures, holidaying in Edmonton, assure me, (rose-red blushes inserted here), that On The Town is quite popular up Peace River way. Wonderful people, those folks up Peace River way. I'll always say.

There's a cheery message today for H. Howard of HMCS Cayuga from Rev. and Mrs. F. W. Williams of this city.

Remember the suggestion we made the other day about sending a few food parcels and comforts to our sailor boys out in Korea waters?

No sooner said than done, it seems. Mrs. J. A. Peterson of the Ex-Servicemen's Association board, is getting busy right away to see that Edmonton boys on Cayuga, Alibabacan and Sioux have plenty to eat of the home-cooked variety.

A car is going to be raffled, called the Christmas car.

Here's a chance for Edmontonians to say hello to her gallant boys in blue in a way that will be really appreciated.

And orchids go to Mrs. Peterson and her associates.

As next week is fire prevention week I thought folks might want to know how tough a fire chief's job can be. Did you know, for instance, that Fire Chief Bill Ferguson has a nice, new car of his own but never drives it?

He has to ride in a car that has radio communication with fire headquarters via short wave.

If he goes to a show or even out for a walk he must always tell his driver where he is.

I thought that Indian mother with the five youngsters had cheap transportation on the Olivo-Lacombe bus the other day when she paid just 30 cents for six persons.

But a couple of ladies in Leeds, England made that Indian woman look like a spendthrift.

The thirty English women took 40 youngsters on a ride that lasted three quarters of an hour for 10 pence.

E. G. Buckley of 10221-125 street sent me the clipping out of a London paper. Thank you Mr. Buckley.

A good goodnight to all and especially to the good people of Peace River.

## COUNCIL TO CONSIDER PLANS FOR ELECTION

Full details of the civic election campaign will be placed tonight before the council for approval.

Aldermen will consider campaign meeting times and places, speaking time for candidates, appointment and rates for pay for election helpers, and radio time for candidates.

Four meetings are slated: Wednesday, Oct. 25, at Cider School, 129 avenue and 118 street; Thursday, Oct. 26, at Strathcona Assembly Hall, 1031-342 avenue; Friday, Oct. 27, at Alberta Avenue Community Hall, 118 avenue and 28 street; Monday, Oct. 30, at Municipal Hall, Macdonald drive and 100 street.

Aldermanic and school board candidates will be allowed five minutes each to speak at each meeting.

"I'M GONNA BE A SAILOR!" claims Donald William McFadden, 8, of 9005-102 street, as he gazes upon mounted through sighting apparatus of 10mm anti-aircraft gun on display at open house of HMCS Nomah held Saturday. Also seen: Geoffrey Lowrie, 21, of Calgary, gives Donald some valuable pointers. Donald was one of hundreds who toured naval establishment during Navy Week celebrations.

## Public Health Building Unit Ready Soon

Fits unit of the university hospital \$2,500,000 expansion program is nearing completion.

Ready for occupancy in the near future will be the \$2,500,000 public health building which will house the provincial laboratory. The building is completed except for plumbing which have developed with the steam system. Exact date of opening is not yet known.

Well advanced is the \$2,000,000 Aberhart memorial tuberculosis sanatorium which is scheduled to open late in the spring. The 200-bed unit will be one of the finest in the country and will be equipped with latest equipment and facilities for tuberculosis therapy.

## LABORATORY

The public health building gives space accommodation to the public laboratory which is at present crammed into an army hut on the university campus. Main floor of the big brick building will be devoted to pathological studies. Second floor will accommodate the bacterial diagnosis section. Additional facilities will be in the basement on the third-floor vestibule.

Construction will start this year on a service building, the third unit of the expansion program. This building will house a laundry and other mechanical facilities.

Plans are now being drawn for the fourth unit, a new residence to accommodate 100 nurses. This house will provide the latest in comfortable, modern housing with home-like bedrooms.

An auditorium in the Aberhart sanatorium will also be used by the nurses for dancing and recreation program.

The service building and nurses' residence will cost approximately \$250,000.

## Boyle Street Group Elects Annual Slate

Director of officers for the coming term as the order of business at the regular meeting of the Boyle Street community league held last week in the Bistell theatre.

Elsie Horvath was elected to the presidency while J. S. Williams will lead the vice-presidency chair.

Reports were given by the finance, sports and other committees and all reported a highly successful year.

The league has planned to operate a kindergarten service—Thursday and Friday afternoons from 1:30 to 4:30. Elsie Horvath is in charge of the school.

Following the business meeting, members of the league made a presentation to Ald. Carter, who recently moved from Boyle Street to another community.

## U.K. Outlines Territories Aid

LAKE SUCCESS, N.Y., Oct. 19.—(Reuters)—British yesterday told the UN Economic Committee that in any plans for helping underdeveloped territories, Britain's first responsibility must be towards her own dependent territories.

Lord Ormrod said that despite this policy the United Kingdom still the war has made contributions of \$2,500,000 for relief and reconstruction in countries outside the Commonwealth.

## 'Doodlebug' Detector Set for Crucial Test

By STANLEY BURKE

A city man's 'doodlebug' oil detector will get its crucial test when a newly-developed crude oilmen are watching to see if the 'doodlebug' can repeat at Gravelton.

The company's choice of land is based solely on an aerial survey using the magnetic ray detector invented by J. W. Fraser and his son Morris, both of Edmonton.

The oil detection 'gadget' first came into the news this summer when Select Oil sank a well at Chip Lake, 85 miles west of the city.

Selection of the well site was based entirely on the reactor instrument.

The well is still not confirmed as a commercial producer but backers claim daily production of 20 barrels of gas crude, 38 barrels of propane.

## NEW CANADIAN

"AND WHAT HAVE YOU TO DECLARE," asks customs officials R. G. Barker, 1014-151 street to hutton-eyed Pie Po Mah, two youngest of the new Chinese Canadians as they arrived at Edmonton airport on first flight of Northwest Airlines from Hong Kong with immigrants to Canada. The six youngsters from Red China, were brought to Canada, direct from Hong Kong, by friends in Edmonton and Fort Chipewyan.

## Churches Filled For Thanksgiving Services

With the blessing "Now therefore, Our God, we thank thee, and praise Thy glorious name," thousands of Edmonton citizens gave thanks for a rich Thanksgiving in city churches Sunday.

Sunday was a day of Meditation for many citizens. Churches of all denominations were thronged. Altars in some were piled high with harvest fruit, vegetables and sheaves of grain and special Thanksgiving messages were delivered from all pulpits.

## SPECIAL SERVICES

"Thanks Be to God" was the morning service topic of Rev. Wesley Dalbridge at St. Andrew's church, while "Fruit of the Earth" was given from the pulpit of St. John's church, while "Fruit of the Earth" was given from the pulpit of St. John's church.

While Sunday was a day of rest, Monday—Thanksgiving Day—was used by many for a variety of uses. Many households put on winter windows, airlocks hit the road for the duck marches and long lines formed outside of movie theatres. Midnight movies Sunday were jam-packed.

City civic and municipal offices were closed as well as downtown department and other stores. Heavy traffic was "bumped" into bus and bus lines sent out extra buses.

## Cons. F. K. Shaw Gets Promotion

Appointment of Constable F. Kenneth Shaw as a detective in the municipal police was announced this week by Chief Ben Jennings.

He has been serving as a constable since 1947 and has been promoted to the rank of detective.

## Premier Manning To Speak On Oil

Premier B. C. Manning of Alberta will address the first annual meeting Wednesday at 6:15 p.m. in the McEwen Club at the McEwen Club.

The premier will speak on "Men and Oil."

## OIL-HUNTING GADGET

## 'Doodlebug' Detector Set for Crucial Test

By STANLEY BURKE

A city man's 'doodlebug' oil detector will get its crucial test when a newly-developed crude oilmen are watching to see if the 'doodlebug' can repeat at Gravelton.

The oil industry still remains skeptical of the instrument.

The Clear Petroleum well site is La 10, section 3-51-19-W4. The site is nine miles east of Gravelton in the Bow River field and is nine miles east northeast of the town of Gravelton.

There are no producers in the area. President of the new firm is C. J. Kallal, rancher from Tuleville. Several officers are also officials of Select Oil.

## PARKING FINE BOOST URGED

Double-parking fines are due for a 400 per cent increase.

Commissioners will recommend to city council tonight that the penalty for double parking be boosted from \$1 to \$5.

Several aldermen have been advocating the increase for some time, and it is expected the move will be approved.

## Foster Homes Signed Up For Welfare

City welfare officials have signed agreements for use of two foster homes as emergency shelters for children.

Superintendent S. K. Bishop will report to city council tonight that Mrs. Jacky Givens, 1211-112 street, and Mrs. Roy Cassidy, 1211-112 street, are being paid \$40 per month for each child.

Both homes are fully licensed by the provincial Child Welfare Commission, and any city child welfare cases needing temporary care will be placed in them.

Mr. Bishop's report follows a prolonged series of arguments about Crumley shelter, which was closed in 1948 when court suit prevented closing the shelter and embarking on use of foster homes for children.

Aldermen decided a new institution would not be built, but the foster homes idea would be tried out.

## Liberals To Seek Seat

The Alberta Liberal party will hold a nominating convention early next week to name a candidate for the provincial by-election Nov. 16 for the vacant seat at Oids.

The Oids seat became vacant this summer through the death of Norman E. Cook, Social Credit member of the legislature.

J. Harper Brown, Liberal leader, announced his party will hold an executive meeting at Oids Tuesday to name the convention date.

## CPW NOT CONTENT

The Social Credit party, which has held the seat since 1935, will hold their convention at Oids Wednesday. The CPW and Progressive Conservatives are not expected to contest the by-election.

Robert A. Andison, chief director of the Social Credit party, has announced meeting date will be November 8.

D. A. McArthur of Stanley has been named returning officer.

## Edmonton To Be Convention Site

Edmonton will be the scene of the 1951 convention of the Union of Canadian Women.

This decision was reached at the 46th annual convention held in Medicine Hat, where the executive committee, Alderman H. C. Leimner of Medicine Hat, was elected president.

## Revision Court To Meet Oct. 10

The City of Edmonton Court of Revision will meet in the assessor's office in the city hall block from 9 to 10 p.m. under the revision officer Fred C. Day.

All errors or omissions in the civic voters' list will be considered by the court.

# At-night Garage Service Is Urged

## Petition Will Be Submitted Tonight

A petition signed by 543 persons, asking that all Edmonton service stations be allowed to sell gas and oil 24 hours a day, seven days a week, will be presented tonight to city council.

Aldermen will also receive a letter from K. M. Service (Garage, Ltd., "Informing" them that "effective 11 p.m., Sept. 15, we will discontinue 24-hour gasoline and oil service."

Council recently passed a bylaw setting up a 24-hour rule on all city garages and service stations. It did not change regulations requiring all-night service to close hours during daylight hours on Sundays and holidays.

The petition developed after the recent application of Green's Garage, 1235-127 avenue, to discontinue 24-hour service. The firm claimed the 24-hour service privilege was useless unless the latter could do business on Sundays and holidays.

Mr. Bishop's report follows a prolonged series of arguments about Crumley shelter, which was closed in 1948 when court suit prevented closing the shelter and embarking on use of foster homes for children.

Both homes are fully licensed by the provincial Child Welfare Commission, and any city child welfare cases needing temporary care will be placed in them.

## Discrimination Against Minority Groups Scored

The possibility of Judaism and Communism being linked in any respect was the subject of a speech by the Rev. J. H. Brath, director of the Civil Rights division of the B'nai B'rith lodge, in a speech to members of the lodge at the Transamerica Sunday night.

The occasion was the annual fall meeting of the lodge, a section of the Jewish lodge.

Speaking on Judaism and Communism, Brath said:

"A person cannot be both a Jew and a Communist. The two are in fact entirely opposite. Judaism is a religion of truth, justice, mercy, the dignity of the human mind, and ethical ideals. Communism would destroy every one of these."

Brath maintained that the concept of democracy is a wonderful thing but that there was too much discrimination against minority groups.

"There is nothing wrong with democracy that a little more democracy couldn't cure."

Brath 1949 founded the meeting and stated:

The convention, the main purpose of which was to encourage the growth of democracy in the world.

## Faculty Women Entertain at Tea

Autumn-shaded chrysanthemums filled the lounge of Athabasca Hall on the University campus Saturday when The Faculty Women's Club entertained 176 guests at tea.

Receiving with Mrs. I. F. Morrison, president of the club, were Mrs. Andrew Stewart, Mrs. C. M. Macleod, and Mrs. J. W. Scott.

Pouring tea at a table centred with a bowl of gold chrysanthemums were Mrs. I. R. Bell, Mrs. W. Bowker, Mrs. H. P. Brown, and Mrs. J. W. Campbell.

Club members who assisted in serving were: Mrs. R. L. Anderson, Mrs. W. S. Anderson, Mrs. W. B. Archibald, Mrs. M. B. How, Mrs. W. E. Bower, Mrs. J. L. Calder, Mrs. B. Armstrong, Mrs. T. Ashin, Mrs. W. Brantley-Moore, Mrs. H. E. Bell, Mrs. R. K. Brown, Mrs. A. D. Cairns, and Mrs. M. M. Cantor.

Arrangements for the tea were made by Mrs. S. G. Davis, assisted by Mrs. D. B. Scott, Mrs. H. Rice, Miss Marjorie MacKenzie, Mrs. R. Rutherford, and Mrs. J. W. Gilles.

CRISP OCTOBER days were enjoyed by Mr. and Mrs. Cyril Hampton while they visited Edmonton for three weeks.

They returned to their Vancouver home at the weekend after holidaying with their son-in-law and daughter, Mr. and Mrs. H. L. Stralight.

INSURANCE Mrs. V. Goodwin, a recent bride, members of LORA entertained at a recent shower.

Mrs. A. Hanson and Mrs. J. C. Robertson, mother of the guest of honor, assisted in serving.

TRAILING IVIES, bright blossomed little plants were a feature attraction of CCF Women's Club tea and bazaar Saturday afternoon.

Other wares which attracted attention of hundreds of callers were homebaked goods, hand-knit woolens and fancy-work.

Tea was served with the bazaar held at the HBC Empire Room.

Mrs. D. L. Shortliffe was convener.

President Mrs. J. W. Adair received with Miss Mary Crawford.

MOTOR TRIP through Salt Lake City, Utah, Idaho and Yellowstone National Park was enjoyed by Mr. and Mrs. Paul Ryan and Miss Candace Hallock.

Trio of travellers returned to their Edmonton homes at the weekend.

PAUSE in her journey to Vancouver was made at the Macdonald hotel by Mrs. W. Mann who is on her way home from Quebec.

EASTERN UNITED STATES was holiday haven for Mr. and Mrs. George J. Bryan who returned to their Edmonton home today.

They spent three weeks attending joint sessions of Canadian and American Associations in Washington, D.C., visiting New York and other eastern points.

MISCELLANEOUS shower honoring Mrs. E. E. Trahan, former Miss Bevelly Ann Walters, was held by Mrs. L. Broadhead at home of Mrs. L. F. Trahan. There were 18 guests present.

Stout Look! Latest! Bridge and canasta party sponsored by Ladies' Auxiliary to Glenora Community League will be held tonight.

Mrs. B. C. Hollingshead is convener of the affair which will take place in the community club rooms.

PLAYSCHOOL Mums Elect President Mrs. R. E. Mathison was elected president of Seona Playschool Mothers' Club at a recent meeting.

Miss Dorcas McLeod is director from recreation commission.

Playschool meets each Monday, Wednesday and Friday morning at Holy Trinity Church basement.

Nominating committee was appointed at a recent meeting of Lions Ladies' Club of Edmonton.

Committee of Mrs. J. Wallace, Mrs. Thomas Champion and Mrs. W. Paulsen has been asked to submit a 1961 slate of officers for the next meeting.

Plans were made to hold a bingo party for the aid of the Alberta Friendship Club Nov. 6.

Mrs. E. A. Dietrich and Mrs. G. R. Barnhill reported results of Fashion Show held in September.

President Mrs. L. Neilsen thanked members and conveners for their cooperation with the first fashion show sponsored by the club.

## Dr. Jack Williams Weds Geneva Girl Saturday

Mr. and Mrs. Leland Williams journeyed to Geneva, N.Y., for the wedding of their son Dr. Jack Leland Redavat Williams and Helen Quigley Saturday.

Bride is daughter of Mr. Thomas Edward Quigley and late Dr. Quigley of Geneva. She was given in marriage by her brother Daniel Patrick Quigley of New York City.

Ivory satin and imported Chantilly lace were fashioned in an off-shader neckline, full skirt and cathedral-length train for the bride's gown. Her veil of illusion tulle fell to finger-tip length from a cap of Chantilly lace. She carried a bouquet of call lilies.

Sister of the bride, Jane Quigley of Geneva was maid of honor wearing a pale green tulle gown with a bouquet of variegated ivy and eucalyptus centred by Tallman shaded gladioli.

Other attendants were Mrs. John McCreau, Palisades, N.Y.; Mrs. Harry W. Anderson, Geneva; Mrs. King Whitney, Jr., Darien, Conn.; Miss Helen Boynton, West Palm Beach, Florida; Miss Anne Louisa Heide, New York City.

They wore gowns of hunter green and carried tied bouquets.

Dr. Kenneth Nickerson of New York City, formerly of Edmonton, was best man.

RECEPTION AT HOME Following the ceremony a reception was held at the home of the bride in Geneva. Mrs. Quigley received wearing Royal Blue crepe gown with matching accessories and an orchid corsage.

Mrs. Williams received wearing a grey lace dress with all-ivory accessories and orchid corsage.

After a wedding trip to Bermuda, Dr. and Mrs. Williams will make their home at 1632 Lake Avenue, Rochester, N.Y.

Dr. Williams is an Honors Chemistry graduate of University of Alberta and took his doctorate at University of Illinois.

Election Of Officers Planned By Liberals Annual meeting and election of officers will be held by Edmonton (Democratic) Liberal Club at the YWCA cafeteria tomorrow at 8 p.m.

Mrs. J. P. Logan will give a talk on her recent trip to Australia.
